Hi all

Last week we heard from Viv who works with the Hastings Police Senior Citizens Register. This is a valuable service available to those who need the support and contact from this group, to find out if they are okay and need any assistance.

This group may not have a lot of expenses and as they do not receive a lot of funding, I felt it is something worthy of support by our club and so we have given them a donation to pay for the registration of the vehicle they use. Viv very much appreciated this gesture and I hope they are able to continue their good work. This donation will be acknowledged in their newsletter. If you know of anyone who would benefit from such a service, they may welcome some information about this group.

Gary C.K. HUANG
Rotary International President
2014-2015

Members of the Rotary Club of San Francisco Evening meet three times a month at a wine bar after work, share a social outing once a month, and promote all their activities on social media like Meetup and Facebook.

As the first evening club in the city, it has attracted many young professionals from Silicon Valley tech firms whose work schedules keep them from joining a more traditional club that meets for

breakfast or lunch. But more than the evening format has helped the club grow by 30 percent since it received its charter in mid-2013.

Danielle Lallement, who was its charter president, says the club has been successful because it accommodates members' preferences.

"The majority of our members are in their 30s and 40s, and their financial and work obligations outside the club

are great, so we cater to their needs," she says. "We are extremely flexible with our members, their attendance, their payment options, and expectations."

For example, almost half the members are citizens of countries other than the U.S., so leaders dropped the pledge of allegiance at the beginning of meetings. In addition, members can easily schedule recurring dues payments online, and a PayPal credit card reader is brought to meetings to facilitate dues payment. Early on, members also decided they wanted the last meeting of the month to be a social event. Members have attended the San Francisco Ballet, visited a karaoke bar, played miniature golf, and worked with a golf pro to improve their swings.

Members are asked to attend at least half of all meetings but aren't pressured if they can't, especially if life events like marriage, a baby's arrival, or an increased workload claim more of their time. Club officers frequently use Skype or a conference line to join board meetings they can't attend in person.

The Rotary Four Way Test Of the things we do....

1. Is it the truth?
2. Is it fair to all concerned
3. Will it build goodwill and better friendships
4. Will it be beneficial to all concerned
